A black and white photograph of a university campus. In the foreground, there are large, leafy trees. In the background, a multi-story brick building with many windows is visible. A person is sitting on a low wall in the lower left, looking down at something in their hands. The overall scene is a typical university setting.

ROOM AND BOARD

Residence hall space is available from May 19 through August 14, 1987 at the following rates:

	Single	Double
Per Week	\$70.00	\$50.00
Per Night		\$10.00

Since single rooms are limited, singles will be assigned on a first come, first serve basis. Full room payment must be received by the Office of Residence Life before a space will be reserved. For those students who are residing on campus for both six-week sessions, the second session payment must be received no later than July 1, 1987 in order to hold the space for the remainder of the summer.

A meal plan is not available during the summer, however, students may purchase meals in the University Center on a pay-as-you-go basis. Linen and maid services are not available to students during the summer.

In order to reserve a room during the summer, complete the "1987 Xavier University Summer Housing Registration" form on page 14 of this brochure and return it with your payment in full to the Office of Residence Life, Xavier University, 3800 Victory Parkway, Cincinnati, Ohio 45207. Telephone: (513) 745-3203.

INSTITUTE: HUMANISTIC LEADERSHIP

May 18 to May 22

BA/CJ 686-WS Three Credit Hours CBA Nyce Room

8:30 a.m. to 4:30 p.m.

Director: Dr. Daniel Geeding

This course is designed to integrate the philosophy, theories, and techniques of three powerful Humanistic Systems — Transactional Analysis, Gestalt Therapy, and Neurolinguistic Programming® with the process of leadership. Leadership is one of the important functions of management, administration, education, and other areas involved in human resource development.

This integration is achieved through a balanced, didactic-experiential approach, with the focus on attaining behavioral as well as intellectual competencies. The behavioral competencies are identified for T.A., Gestalt, and N.L.P.® and participants will be evaluated on their ability to demonstrate attainment of those goals.

After short theory — demonstration segments, participants will practice utilizing each component. The basic components will be combined into higher level systems that will become part of each participant's behavioral repertoire.

Additional outside reading and written assignments are required.

LIMIT: 66 Participants

MATERIALS FEE: \$20.00

PERSPECTIVES ON FAMILY VIOLENCE IV

May 29, 30 & June 5, 6

ED 438-WS

Two Credit Hours

Terrace Room

CJ 432-WS

3:30 p.m. to 10:00 p.m. (F)

8:30 a.m. to 4:30 p.m. (S)

Directors:

Dr. Lon Kriner, Associate Professor and Director of the Health & Counseling Center.

Ms. Barbara Waldron, M.S.S.W., Ohio Governor's Task Force on Domestic Violence

As evidenced by recent media attention, and a comprehensive U.S. Justice Department report, violent acts such as marital rape, incest, and abuse of children, spouses, and the elderly may occur within 50% of all families in this country. Growing awareness of the issues of family violence has led to a rapid increase in research and treatment programs for both the abusive person and victims of such crimes.

Therefore, this workshop is designed to educate counselors, clergy, social workers, nurses, educators, and other helping professionals in methods to deal with family violence more effectively.

The workshop format, designed to blend local and national experts knowledgeable about the full spectrum of family violence, will include: presentations on child abuse, incest, battering, elderly abuse, and rape from a wide variety of professionals working with these issues. Panel presentations on family violence by former victims, former abusers, and clergy will also be part of the workshop.

MATERIALS FEE: \$30.00 (includes meals)

NASA AEROSPACE SCIENCE WORKSHOP LEVEL I THE SKY IS YOUR CLASSROOM

June 8 to June 12
ED-412-WS **Two Credit Hours** **Cash Room**
9:00 a.m. to 3:30 p.m. **Logan Building**
Director: Dr. Napoleon Bryant, Jr.

This aerospace workshop is presented for elementary and secondary teachers and for pre-service teachers at these levels. Persons with a general interest in aerospace science may enroll. The one-week workshop is designed to aid teachers in making the subject of space exploration, within and beyond earth's atmosphere exciting and relevant to the classroom.

Emphasis will focus on development of appropriate classroom activities, construction of materials, awareness and acquisition of available audio-visuals and printed literature from government and industry. An excursion to Wright Patterson Air Force Base, Dayton, Ohio will enable participants to tour the Air Force Museum and the base's physiological facilities utilized in aerospace science research.

Diversity in topics treated and in activities performed promise to make the workshop highly useful, informative, and fun. Participants will receive an "Aerospace Class Activities" guide.

LIMIT: 30 Participants
MATERIALS FEE: \$35.00

INTERPERSONAL COMMUNICATION

CA 285-WS **Two Credit Hours** **Terrace Room**
9:00 a.m. to 4:30 p.m. (MTTHF)
9:00 a.m. to 9:00 p.m. (W)
Director: Dr. Bill Daily

This workshop is designed for individuals who want to improve their knowledge and/or skills in interpersonal communication. Attitudes relating to interpersonal communication and intrapersonal communication as a concept will be presented and discussed.

Emphasis will be placed on how to form and maintain interpersonal relationships. Topics to be presented include listening, attending, empathy, perception, non-verbal communication language and the resolution of conflicts. Identification, naming, and sharing feelings will also be presented and discussed. Students will work individually, with dyads, triads and in small groups. Students are expected to attend all sessions.

LIMIT: 30 Participants
NON-CREDIT FEE: \$95.00 (Includes materials fee). Non-credit enrollment limited.
MATERIALS FEE: \$20.00

NATURE EXPLORED: ART & SCIENCE

June 8 to June 12
ED 453-WS **Two Credit Hours** **Alter 318**
8:30 a.m. to 4:30 p.m.
Director: Dr. Gary Gaffney

This course takes nature as a primary resource to investigate connections between art and science/mathematics.

Interrelationships are examined in the areas of creative process, the search for understanding and order, beauty, geometry and structure, and technology. An historical context is provided by focusing on the work of specific artists and scientists. Emphasis is placed largely on Greek, renaissance and contemporary western cultures.

This course consists of lectures, slides, classroom activities, field trips, drawing, discussions and a research project. Projects and activities for use in the classroom will be generated. Since one goal of this course is to encourage teaching across disciplines, course content will be accessible to teachers in both art and science/mathematics. Non-educators who have an interest in this area will also find the course stimulating and informative.

LIMIT: 10 Participants
NON-CREDIT FEE: \$75.00. Non-credit enrollment limited.

LOCAL RESOURCES FOR TEACHING LIFE SCIENCES

June 8 to June 12
ED/BL 394-WS **Two Credit Hours** **Alter 316**
9:00 a.m. to 4:15 p.m.
Director: Dr. Stanley Hedeon

This workshop will demonstrate how local resources may be used to teach effectively ecology, evolution, agriculture and the plant and animal kingdoms in Grades 1-12. Areas to be utilized are: Cincinnati Zoo, Ruoff Farm, Farbach-Werner Nature Preserve, Long Branch Farm, Trailside Nature Center, Avon Woods Outdoor Education Center, Cincinnati Art Museum, Museum of Health, Science and Industry, U.C. Geology Museum, Cincinnati Nature Center, Krohn Conservatory, Cincinnati Museum of Natural History, Spring Grove Cemetery, Civic Garden Center of Greater Cincinnati, Limestone (fossil) Quarries, Eden, Fairview and Ault Parks.

Bus transportation will be provided. Much walking will be required at some locations. Comfortable old shoes should be worn. Bag lunches will be eaten off-campus. Friday lunch will be provided.

FROM THE CONCRETE TO THE ABSTRACT: EXTRACTING SQUARE AND CUBE ROOTS

June 8 to June 12
ED 452-WS **Two Credit Hours** **Joseph 111**
9:00 a.m. to 5:00 p.m.

Co-Directors: Ms. Martha McDermott and Mr. John Hoffman

This workshop is designed for all math teachers, as well as Montessori teachers, of the upper grades, including high school. Participants will be given experience in the concrete of the building and analysis of squares and cubes of binomials and trinomials. This foundation in the concrete eventually leads to a clarity in the extraction of square and cube roots (2 digit, 3 digit, or 4 digit answers). There will be the opportunity to create materials that will facilitate these abstractions for the participants and their students. Please note that this is the second offering of this particular workshop. Last summer this course was offered under the title "Sensorial Roots of the Square and Cube Roots."

LIMIT: 25 Participants
MATERIALS FEE: \$10.00

CREATING GIFTED BEHAVIOR: CREATIVITY II

June 8 to June 12
ED 645-WS **Two Credit Hours** **CBA 2**
8:30 a.m. to 5:00 p.m.
Director: Dr. Sally W. Pruden

This course is designed to present practices in gifted education in the area of creativity. Offered will be creativity in the arts; identifying your own creative style; creative problem-solving; how to motivate children to be creative producers; and related activities and films. The major presenters will be Dr. Susan Baum, Director of Gifted Education at the College of New Rochelle, New York; and Ms. Jane Durkee, Teacher/Coordinator of Gifted Education, Medina, New York.

EARTH SCIENCE

June 8 to June 12
ED 320-WS **Two Credit Hours** **Alumni 203**
9:30 a.m. to 5:30 p.m.
Director: Dr. Raymond E. Miller

This workshop will present a general survey of topics in modern earth science. Emphasis will be placed on the extensive, widespread progress and modifications that have occurred throughout the earth sciences in recent years, and which are presently revolutionizing our concepts of the changing earth.

Lectures will include considerable audio-visual presentations and will be supplemented by laboratory experiments.

Topics will include rocks and minerals, weathering, groundwater, glaciation, earthquakes and volcanoes, plate tectonics and sea floor spreading, radioactive dating techniques, geologic time and earth history.

LIMIT: 18 Participants

HISPANIC CULTURE

June 8 to June 12

SP/ED 250-WS

Two Credit Hours
9:00 a.m. to 4:00 p.m.

Alter 219

Director: Ms. Irene B. Hodgson

This course will increase proficiency in Spanish and provide deeper insight into and appreciation of the Hispanic world. Students will concentrate on the geography, history, sociopolitical factors and culture of five regions of the Hispanic world (Mesoamerica, Central America, The Southern Cone, The Caribbean, and The Andean Nations). Class time will be divided into lecture, discussion, and informal conversation in Spanish, and discussion in English of methodologies to facilitate communication of this material not only to classes but also to other groups. The course is particularly designed for the practicing or prospective teacher and also is appropriate for those in related fields concerned with increasing their knowledge of the Hispanic world.

LIMIT: 35 Participants

MATERIALS FEE: \$20.00

NON-CREDIT FEE: \$95.00 (includes materials fee). Non-credit enrollment limited.

INSTITUTE: INTENSIVE PHONICS

June 8 to June 13

ED 390-WS

Two Credit Hours
9:00 a.m. to 3:00 p.m. (MTWTHF)
9:00 a.m. to 11:30 a.m. (S)

Alter 207

Director: Sr. Monica Foltzer, O.S.U.

This institute offers teachers, principals, counselors, and speech therapists a course in the structure of language. It deals with all of the main sound-symbol relationships, both vowel and consonant. This intensive teaching of a simple and well-organized method of independent word analysis is of singular importance at the K-3 level and in remedial work.

Sister Monica uses her books for the institute. In "Professor Phonics Gives Sound Advice," the student learns on the very first page three consonants and the short sound of a, how to slide these together into words, and to string the words into sentences. The child is reading from the word GO! The 42 sounds of English language are taught in a step-by-step logical procedure.

In "A Sound Track To Reading," the author's second book, the 42 basic sounds are further streamlined. This advanced intensive phonics book is designed for remedial reading in the intermediate, junior and senior high schools. Techniques helpful with both books will be provided. Practical demonstrations with children are part of the institute.

SPECIAL TOPICS FOR TODDLER TEACHER EDUCATION PROGRAMS

June 8, 9 & June 17, 18

ED 251-WS

Two Credit Hours
8:00 a.m. to 5:00 p.m.

Kelley Auditorium

Co-Directors: Ms. Elizabeth Bronsil and Ms. Crystal Dahlmeier

Dr. Alice Sterling Honig will conduct the workshop on June 8 and June 9. Dr. Honig is a professor in the Department of Child and Family Studies at Syracuse University, Syracuse, New York. Dr. Honig will speak on the developmental stages of the toddler.

Dr. Bettye M. Caldwell, Donaghey Distinguished Professor of Education at The University of Arkansas, Little Rock, Arkansas, and past president of NAEYC, will speak on program implications of children's needs. Her workshop will be on June 17 and 18.

Both of these experts are internationally recognized for their work in early childhood education and contributions in that field.

NOTE: A deposit of \$100.00 is required for the workshops, which is non-refundable, but applicable to tuition.

TODDLER TEACHER EDUCATION PROGRAM

June 8 to July 3

ED 481-WS

Ten Credit Hours
8:00 a.m. to 5:00 p.m.

Joseph 113

Co-Directors: Ms. Elizabeth Bronsil and Ms. Crystal Dahlmeier

This course is designed for those working in the field of child care at the toddler age level. Participants will observe toddlers in a carefully designed environment that will provide the background for learning to create materials specifically for this age group. Film, videotape and lectures on child development will be an integral part of the course. Time will be spent each day in the development of observation and record keeping techniques, skills to enhance the ability of the care giver.

Guest lecturers will include Dr. Alice Sterling Honig, Dr. Bettye M. Caldwell and Dr. Margaret Loeffler, all noted for their contributions in the field of early childhood education.

MATERIALS FEE: \$50.00

NOTE: A deposit of \$100.00 is required, which is non-refundable, but applicable to tuition.

CHILDHOOD PSYCHOPATHOLOGY: IDENTIFICATION, ASSESSMENT AND TREATMENT STRATEGIES

June 11 to June 13

PS 716-WS

One Credit Hour

Alter 320

ED 719-WS

9:00 a.m. to 4:00 p.m. (TH,F)
9:00 a.m. to 12:00 noon (S)

Co-Directors: Dr. W. Michael Nelson and Dr. A. J. Finch

Many advances have occurred within the area of child and adolescent psychopathology in the past few years. This workshop is designed for professionals and graduate students in psychiatry, psychology, counseling, education, social work, corrections, and other related fields who work with children and adolescents in a therapeutic capacity. While this workshop is developed to present the theoretical basis and recent research in the area of child and adolescent psychopathology, the primary focus will be on developing the practical clinical skills of the participants in working with various behavioral and emotional disorders. Cognitive-behavioral conceptualization of psychological disorders, assessment techniques, and treatment procedures will be explored in depth.

Video-tapes of therapy sessions, role playing, films, small group discussions, and lectures will be utilized to develop the understanding and clinical expertise of the participants. A variety of clinical procedures (self-instructional techniques, stress-inoculation, and pain control strategies) will be presented as methods in dealing with many of the psychological disorders (anger, depression, delinquency, phobias, hyperactivity, learning disabilities, etc.) experienced by children and adolescents.

MOTHERS & DAUGHTERS IN LITERATURE

June 15 to June 19

EN 278/578-WS

Two Credit Hours

Alter 220

ED 578-WS

9:00 a.m. to 5:00 p.m.

Director: Dr. Mary DeShazer

This workshop will examine mother-daughter relationships in literature and art by six modern women: Mary Cassatt, Judy Chicago, Wendy Kesselman, Sylvia Plath, Adrienne Rich, and Alice Walker. Activities will include lectures, films, slide presentations, group discussions, guest speakers, dramatic performance, and journal writing. We will explore such topics as the complex nature of the mother-daughter bond, mothers as muses, mothers as demons, images of childbirth and maternity in art and literature. Special events will include an appearance by poet, Mary Broemer and a performance by the Women's Theatre of Cincinnati.

LIMIT: 35 Participants

MATERIALS FEE: \$10.00

IMAGES OF WOMEN IN DRAMA AND FILM

June 15 to June 19

EN/ED 280-WS
EN 480-WS
TR 350-WS

Two Credit Hours
9:00 a.m. to 5:00 p.m.

Alter 219

Director: Dr. Lynda L. Hart

This workshop will investigate and analyze the ways in which women's experience is presented on the stage and on the screen. Drama and film are popular and powerful forms of expression that have considerable influence in shaping societies' values; through them we will assess cultural and societal assumptions about women's experience and discuss the alternative visions of women artists. Topics for discussion and analysis will include: body image, sexuality, gender conflict, autonomy and relationship, and woman's quest for redefinition of herself and the world. Participants will read several full-length plays, view films specially ordered for the workshop, take part in improvisations, write response/reaction papers. A nationally known guest artist in the field of drama/film will be invited.

LIMIT: 40 Participants
MATERIALS FEE: \$10.00
NON-CREDIT FEE: \$85.00 (includes materials fee). Non-credit enrollment limited.

COURSE: CURRICULUM DESIGN AND TEACHING STRATEGIES

June 15 to July 10

ED 663-WS

Six Credit Hours
8:30 a.m. to 12:15 p.m.

Alter 224

Co-Directors: Dr. Timothy Riordan and Ms. Diana Duncan Holmes

In order to explain the parameters in which the school curriculum is developed, appropriate teaching strategies are examined in light of the following:

- The myth of education.
- The ritual of schooling.
- The contemporary landscape and the psyche of mass society.
- The function of learning in an industrialized/post industrial economy.
- The written and spoken word and their paradoxical relationship to reading, writing, and speaking.
- The value of activity and the activity of valuing in an age that has "no time."
- Uses of the arts applied to subject areas in the curriculum. Curriculum content and classroom activity will then be discussed in relation to the choices of "what is worth teaching and learning?"

LIMIT: 30 Participants

TRAVEL/TRANSPORTATION IN THE OHIO VALLEY

June 29 to July 10

HS/SO 468-WS
ED 425-WS

Three Credit Hours
10:45 a.m. to 5:00 p.m.

CBA 1

Director: Dr. Paul L. Simon

This is a course that is designed to appeal especially to teachers (on the grade or high school level) who need to prepare themselves to teach units or state or local history. It will also appeal to the history major or history buff who wants to learn more about how people transported themselves and things in the past century.

In addition to the lectures and slide shows/movies, there will be a number of active field trips, including: a steamboat ride on the Ohio, a trip on an antique steam railroad, a canal boat ride and a trip to the museum of transportation near Zanesville. These are designed to give the student a "feel" for the past.

Students will need approximately \$35.00 per person to cover additional costs for transportation, hotel, food, and admissions.

PRACTICUM: INTENSIVE COUNSELING

July 20 to July 24

ED 732-WS

Two Credit Hours
9:30 a.m. to 4:30 p.m.

Joseph 206

Director: Dr. Lon Kriner

The Intensive Counseling Practicum is designed to improve and enhance individual and group counseling skills for practitioners and advanced graduate students.

This practicum will provide advanced training in techniques, theories, and issues related to counseling the profession.

Micro-counseling techniques, utilizing extensive audio and video-tape exercises, will be the basis for the experiential format of the course.

LIMIT: 20 participants
MATERIALS FEE: \$10.00

INSTRUCTIONAL LEADERSHIP

GROUP DYNAMICS

July 27 to July 31

ED 615-WS

Two Credit Hours
9:00 a.m. to 4:30 p.m. (MTTHF)
9:00 a.m. to 9:00 p.m. (W)

Terrace Room

Director: Dr. Bill Daily

Through experiential learning and coordinated inputs the nature of Group Dynamics will be applied to education and other helping professions.

As members of "D" Groups (Developmental Groups) consisting of approximately ten heterogeneously selected members, participants will experience structured activities within various learning environments. Debriefing sessions will follow. Special emphasis will be placed on skill development in the area of group communication.

Each participant should gain a deeper insight into her/himself and one's relationships with others as well as gain a deeper understanding of Group Dynamics. Participants will be expected to assume responsibility for their own learning and will be encouraged to establish and implement action steps in their everyday lives. Students must attend all sessions.

Short outside assignments will be required.

LIMIT: 30 Participants
MATERIALS FEE: \$20.00

NON-CREDIT FEE: \$95.00 includes materials fee. Non-credit enrollment limited.

CRITICAL THINKING: A FOCUS ON CLARITY IN THE CLASSROOM, IN THE OFFICE, IN THE BOARDROOM

August 3 to August 7

ED 711-WS

Two Credit Hours
9:00 a.m. to 4:30 p.m. (MTTHF)
9:00 a.m. to 9:00 p.m. (W)

Terrace Room

Directors: Dr. Bill Daily & Mrs. Ruth Johnson

Critical thinking skills are essential for success in problem solving and decision making. This workshop places emphasis on defining and teaching "Tools of Thinking" which cross all disciplines. Topics include:

1. A definition of the critical thinking in relation to various kinds of thinking.
2. A description of the critical thinking processes of description, analysis and synthesis which have led to a growth in knowledge.
 - Principal abilities underlying intelligent behavior.
 - Basic patterns of logical reasoning.
 - The limits of logic — empiricism, the foil of perception.
 - Principles of argumentation, i.e. responses to fallacies, conflicts, contrasts, paradoxes.
 - Application of the tools of thinking to language and symbol manipulation.

(Continued on page 14.)

CRITICAL THINKING continued

3. A demonstration of teacher behaviors, such as questioning, use of wait-time, and clarifying, to encourage student thinking.
4. A survey of available programs and materials.

Participants will work in small groups to practice the thinking skills defined through lecture and discussion. Experienced teachers will demonstrate strategies for teaching thinking in interaction with a select group of middle school and high school students. Packets of information to be used in problem solving activities will be distributed to participants.

LIMIT: 30 Participants

MATERIALS FEE: \$25.00

NON-CREDIT FEE: \$100.00 includes materials fee. Non-credit enrollment limited.

**MUSIC FOR MONTESSORI TEACHERS:
PREPRIMARY AND EARLY ELEMENTARY**

August 3 to August 7

ED 429-WS

**Two Credit Hours
8:30 a.m. to 5:00 p.m.**

Joseph 113

Directors: Ms. Kathleen Carletti

This course is designed to develop music literacy. Objectives to be covered are:

- A. Students will understand the rationale for presenting music concepts and musical skills, using "hands-on" materials at the preprimary and early primary levels.
- B. Students will learn presentations of rhythmic and melodic notation and their extensions, in logical progression.
- C. Students will use the following activities to realize the above objectives:
 1. "Hands-on" activities reflecting basic principles of auditory discrimination.
 2. "Hands-on" activities for developing and understanding rhythmic concepts.
 3. "Hands-on" activities for developing pitch oriented concepts.
 4. Resources for activities to extend the above knowledge into physical and vocal activities will include:
 - a. Sight singing charts;
 - b. Play, sing, dance activities;
 - c. Ensemble arrangements using pitched and unpitched rhythm instruments and Montessori bells.

REQUIRED READING: "A Music Album For a Montessori Class,"

Activities designed by Kathleen Carletti to be distributed.

LIMIT: 20 Participants.

**"ART" FOR MONTESSORI TEACHERS WITHIN
THE PREPRIMARY AND EARLY ELEMENTARY LEVEL**

August 10 to August 14

ED 428-WS

**Two Credit Hours
8:30 a.m. to 5:00 p.m.**

Joseph 113

Director: Ms. Judith Anne Berger

This workshop is designed for preprimary and early preprimary teachers to give them an overview of supplementary areas of art. Art activities will be presented, sources for art and art activities will be explored and discussed and each teacher will be able to put together and sequence a three-year art curriculum for the classroom. Three dimensional, two dimension/easel and painting, two dimensional/design activities will be presented and critiqued in depth. Each teacher will leave the course with a complete art workbook and hopefully a sense of how "simply beautiful" art with children can be.

**GESTALT THERAPY: INTRODUCTION TO THEORETICAL
FOUNDATIONS AND THERAPEUTIC TECHNIQUES**

August 20, 21, 22

PS 615-WS

One Credit Hour

Alter 320

ED 715-WS

**9:00 a.m. to 4:00 p.m. (TH,F)
9:00 a.m. to 12:00 Noon (S)**

Co-Directors: Dr. W. Michael Nelson and Dr. W. Groman

While gestalt therapy is over three decades old, there was a sharp increase in interest and use of gestalt methods in psychotherapy in the 1970s until it is now well established both as a major affiliation of psychotherapists and as a style of personal growth. This introductory workshop is designed for professionals and graduate students in psychiatry, psychology, counseling, social work, corrections, and other related fields who work with adolescents and adults in a therapeutic capacity.

While the workshop is developed to present the continually developing body of knowledge and philosophy of gestalt therapy, the primary focus will be on developing the practical clinical skills of the participants in working with various clients. Since the focus of gestalt therapy is primarily experimental in nature, didactic material will be emphasized and supplemented by demonstrations and discussion.

Another aim of the workshop will be to provide each participant with a group experience in gestalt therapy coupled with an explanation of how such experiences are generated and can be used for personal growth. Particular emphasis will be on awareness exercises and dreamwork.
